

Youth Exchange

Building trust for action across generations

Application: yia@caux.iofc.org

Learning to live in a multicultural world

Caux, Switzerland

Youth
in Action

Today's young people will inherit the legacy left to them by current events.

This Youth Exchange brings together young people for creating a desirable future for a multicultural Europe.

This Youth Exchange will connect and empower young people from Switzerland and Spain. They will enhance their network, share their ideas and become active for a common purpose.

In a 6-day workshop from 1-6 August 2013 they will create best practices developed as survival kit for themselves, their communities and families.

We welcome 60 young people, especially from diaspora communities, between 18-30 who live in Switzerland or Spain to participate in this exclusive and creative event to build trust for action across generations.
